Experience

Software Developer Intern

Jan 2026 – Present

TooClarity Search Private Limited

Hyderabad, Telangana

- Engineered **20+** RESTful APIs using **Node.js** and **Express.js**, supporting **15+** core product features across the platform.
- Architected end-to-end web applications, including a role-based administration portal for managing business operations and internal workflows.
- Engineered an in-house advertisement campaign management module for creating, scheduling, and managing promotional campaigns.
- Managed cloud deployments using **AWS EC2**, **Amazon ECR**, **Amazon RDS**, and **AWS S3**, while automating releases through **GitHub Actions** CI/CD pipelines.
- Collaborated with founders and a cross-functional engineering team to deliver scalable production-ready software solutions from requirement gathering to deployment.

Technical Skills

Programming: Java, Python, JavaScript, HTML5, CSS

Frameworks: React.js, Next.js, Node.js, Express.js, FastAPI

Databases & Tools: MongoDB, PostgreSQL, AWS, Git, GitHub

Projects

CareerPrep AI

Sep 2025

- Created a full-stack AI interview preparation platform using **React.js**, **Node.js**, **Express.js**, and **MongoDB**, generating **1000+** personalized interview questions across **15+** technical and behavioral domains.
- Integrated **Gemini 2.5 Flash** and **Retell AI** to deliver AI-powered interview assistance, contextual explanations, and real-time voice interactions for an interactive interview experience.
- Configured secure JWT authentication and integrated **AWS S3** for resume storage and file management, ensuring scalable and reliable document handling.
- Created **12+** responsive application pages supporting AI interview sessions, interview history, resume uploads using AWS S3, user profile management, and AI-generated feedback.

FleetOps – Car Rental Management Platform

Mar 2026

- Architected a production SaaS platform to digitize end-to-end car rental operations, including fleet, bookings, customers, invoices, payments, and administration.
- Engineered **50+** secure RESTful APIs using **Node.js**, **Express.js**, and **MongoDB**, implementing JWT authentication, RBAC, and optimized CRUD operations.
- Delivered **8+** business modules backed by **10** MongoDB collections, supporting invoice generation, rental tracking, customer management, fleet analytics, and payment workflows.
- Integrated **AWS S3** for image storage and hosted the platform using **AWS Amplify** (Frontend) and **Render** (Backend), supporting cloud-based production environments.
- Launched the platform for **3+** client organizations through a SaaS subscription model, supporting day-to-day rental business operations.

Education

CMR Technical Campus

Nov 2022 – Jul 2026

Bachelor of Technology in Computer Science and Engineering – CGPA: 7.13

Kandlakoya, Telangana

Sri Chaitanya Junior Kalasala

Sep 2020 – May 2022

Intermediate – Percentage: 81.1%

Hyderabad, Telangana

Sri Chaitanya Techno Curriculum

Jun 2019 – Jun 2020

Secondary Education – CGPA: 10

Hyderabad, Telangana
